

6516206437.txt

It is about time for our elected leaders in Washington to stand up and vote for their constituents. I am a dedicated registered voter, but it seems as though I have very little say. I would like to say that I whole heartedly support XM Radio. They are the one broadcast company that give their listener the right to choose, unlike the members of the NAB. Please try to vote the wishes of your constituents instead of your wallets on this issue.

Sincerely,  
Ralph Key
